## A Stupendous Merchandising Campaign

**Opens Today! Opens Today! Opens Today!**  
By Arizona's **GREATEST Bargain STORE!**

WE are determined that this shall be the greatest merchandising event ever presented by any Arizona establishment to the buying public. Our prime purpose for doing this is to show you conclusively how much cheaper we can sell goods by doing away with many so-called necessities of most retail establishments—the complete elimination of the cost of delivery system; elimination of all bookkeeping offices and employees. We have no collectors to pay wages to. We have no solicitors to place on our pay roll. Selling for cash only, eliminates completely all dead-beat accounts which otherwise would have to be charged up to those that do pay their bills. For years we have sold good, clean goods cheaper than any other concern in the state. Cash only does it.

We are going to wind up 1915 with a whirlwind of business and bargains, and start 1916 with a rush. It will take immense buying crowds to do this. Our prices will bring these necessary crowds, and to make it worth while, \$2,000.00 worth of premiums will be given away absolutely free.

We are going to let every dollar's worth of goods you purchase participate in the greatest advertising and selling campaign ever inaugurated by an Arizona business house. At the same time thousands of dollars will be saved to the people of Arizona.
